

ALGODON

⊞ COMPANY PROFILE ⊞

# Welcome To Our Company

Established in 2010 in Istanbul, Turkey, Algodon Tekstil is a renowned manufacturer and exporter of ready-made garments, founded by industry veterans with over 20 years of experience. Recognized as a leader in the global apparel industry, Algodon has built a reputation for excellence through its extensive worldwide network and unwavering commitment to quality.

Our company policy is founded on providing reliable and effective service, ensuring on-time production and delivery, and maintaining high flexibility to meet our customers' needs. Over the years, we have experienced steady growth, consistently expanding our customer portfolio and achieving an impressive production capacity of 700,000 pieces per month. With our expertise and adaptability, we continue to deliver competitive pricing and innovative solutions in the ever-evolving textile sector.

Algodon Tekstil is synonymous with exceptional quality, offering a comprehensive range of premium knitted garments tailored to the needs of discerning buyers in the international market.

# Mission

Algodon Tekstil's mission is to deliver the most suitable products and services that align with our customers' needs and expectations, while striving to become a leading force in Turkey's garment sector. Our strength lies in our experienced team, whom we empower to develop swift and effective solutions to overcome challenges and maximize efficiency.

This commitment to excellence and innovation is what sets us apart in the industry.

# Vision

To become a pioneering leader in the sector through a research-driven and innovative management approach across all areas, including production, human resources, market analysis, and technological advancements. Our commitment to customer satisfaction and unwavering dedication to maintaining the highest quality standards are the cornerstones of our success.

# Sustainability

We recognize the profound socio-economic impact of the textile and fashion industries. Guided by this understanding, we have established our Mission for a Sustainable Future, focusing on key principles that shape our commitment to sustainability:

**Collaborative Efforts:** Partnering with stakeholders to help them achieve their sustainability objectives and foster collective progress.

**Fair Working Conditions:** Maintaining our leadership in providing fair working environments and upholding high environmental standards.

**Eco-Friendly Raw Materials:** Ensuring that all raw materials used in our production processes are sourced through environmentally friendly and sustainable techniques.

**Waste Management Innovation:** Implementing advanced waste management systems to minimize the environmental footprint of our production activities.

**Empowering Women:** Strengthening the role of women in the workforce by promoting gender equality and supporting female empowerment.

With these strategies, Algodon Tekstil not only addresses the challenges of the present but also works towards creating a more sustainable and inclusive future for the textile and fashion industries.

# Design Facility

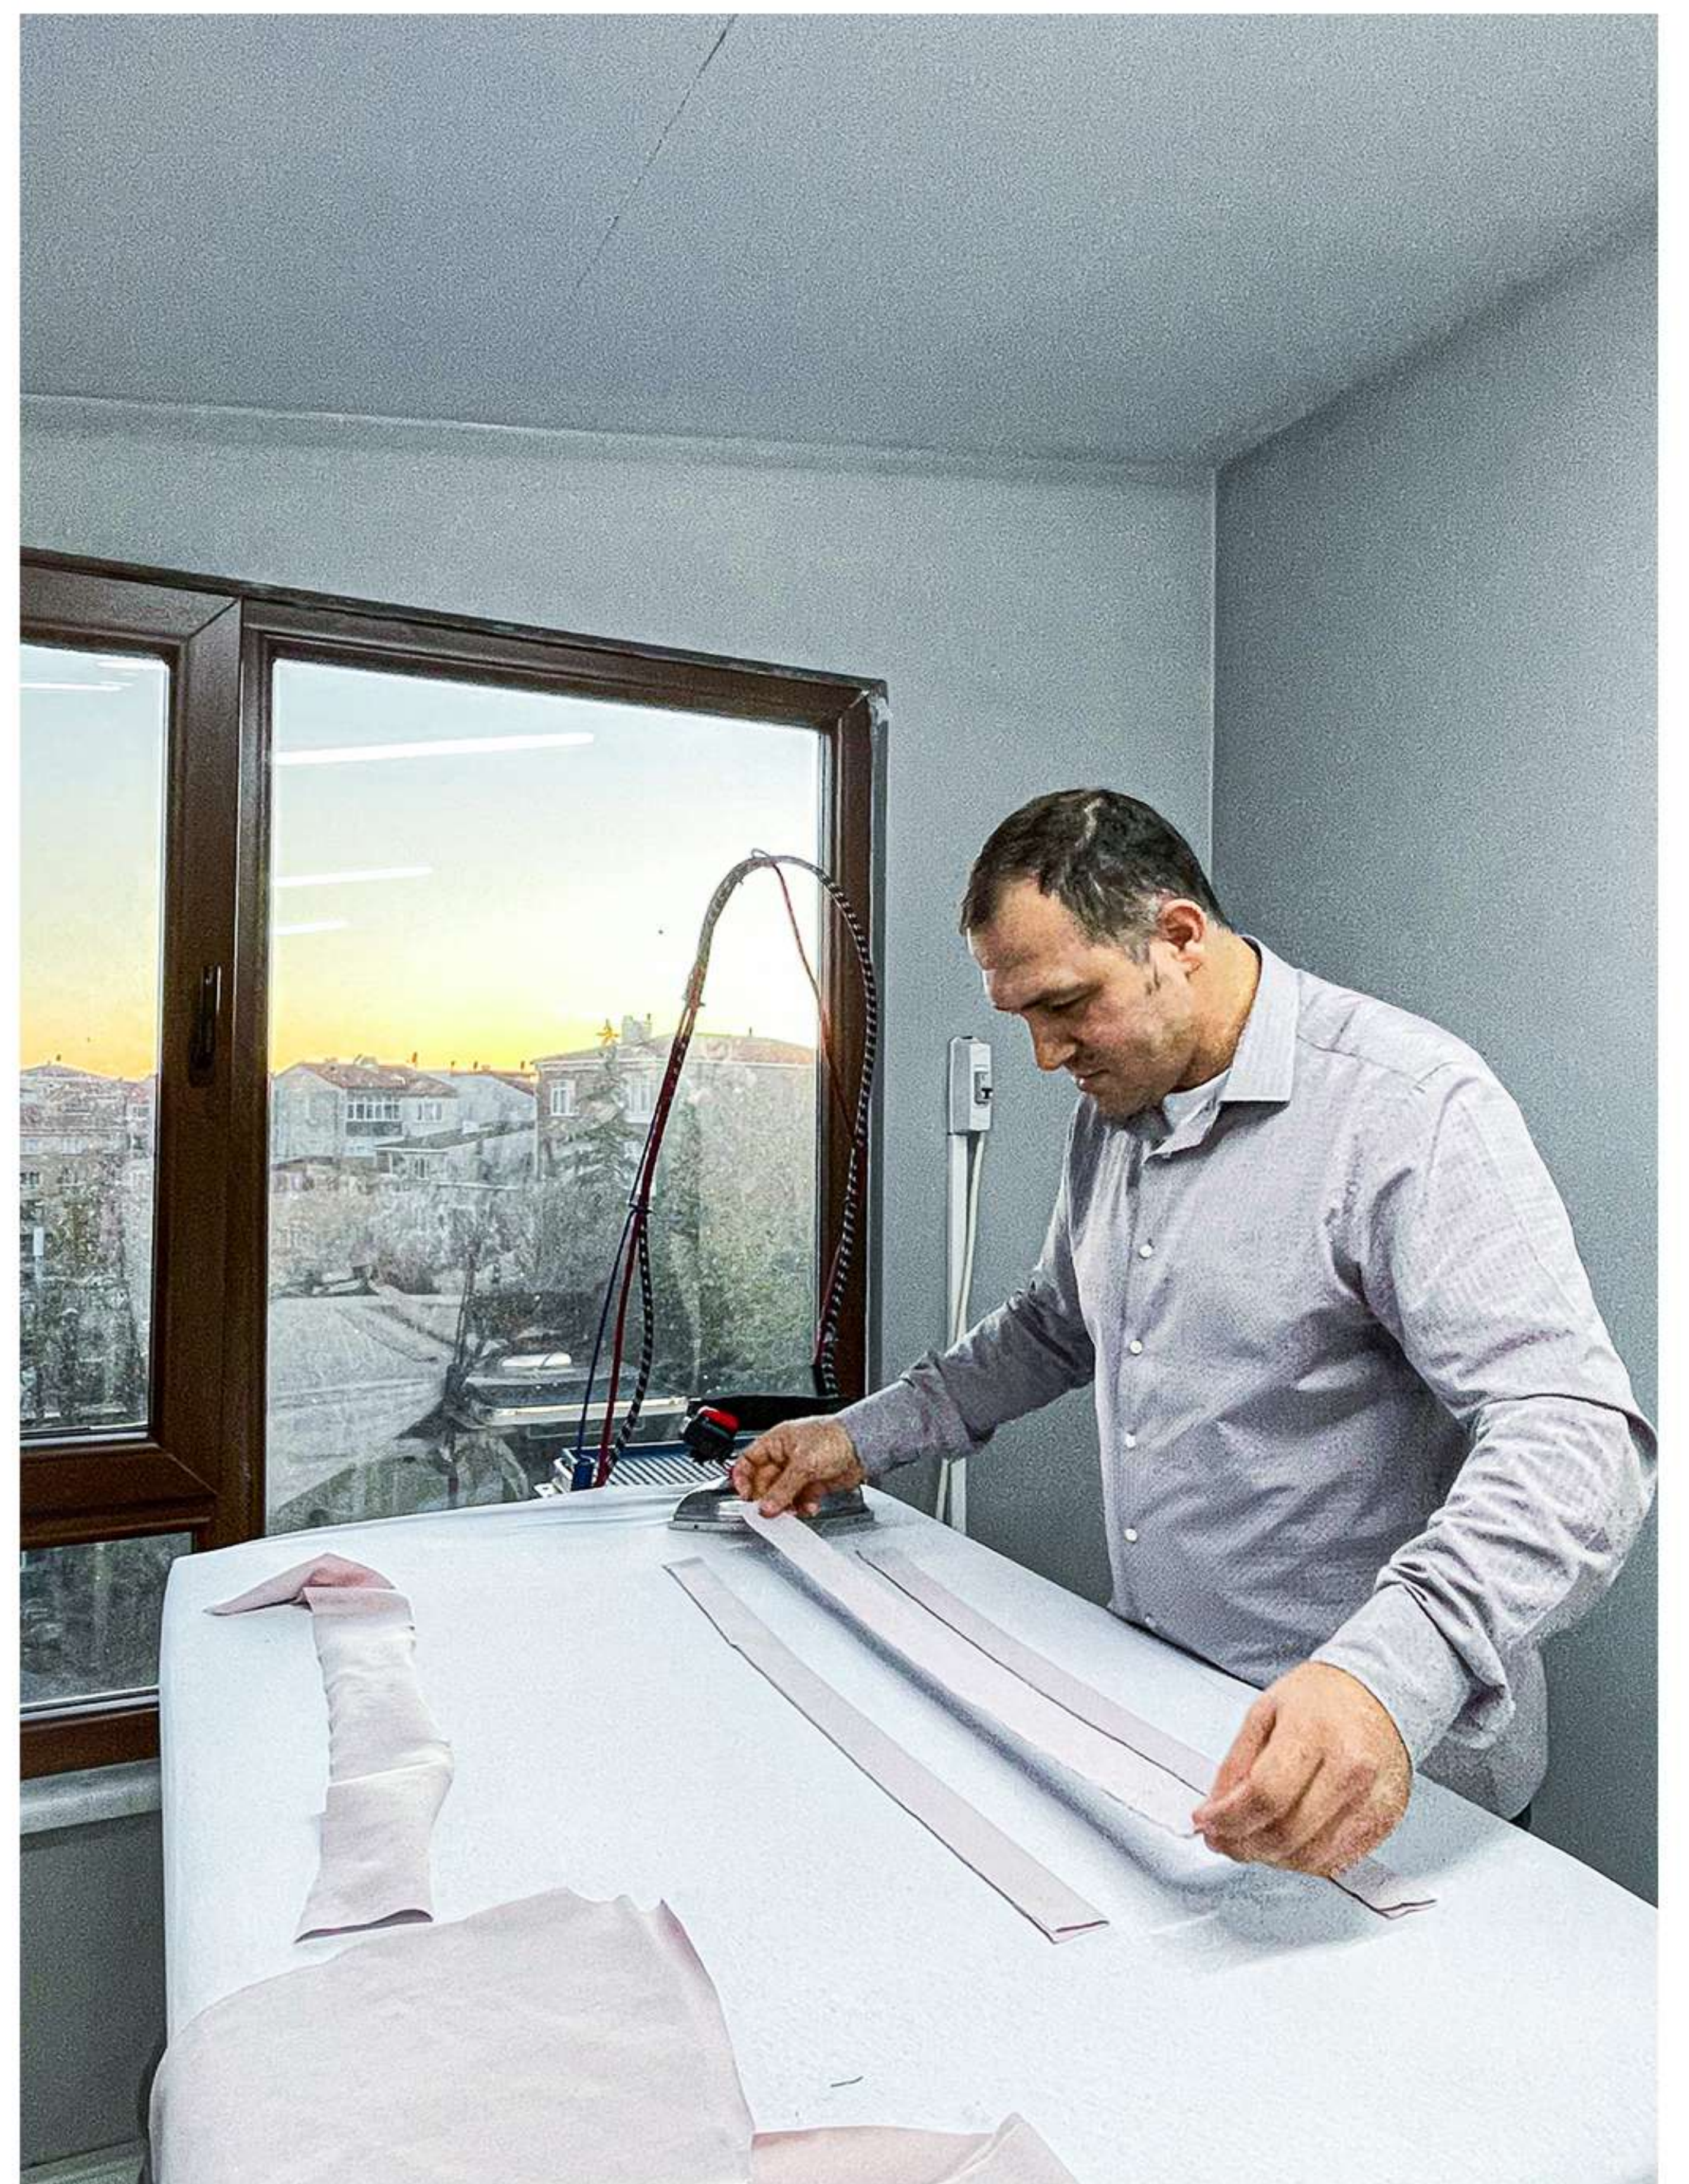

Our design offices in Germany and Turkey work seamlessly to deliver innovative, trend-driven solutions that cater to global market demands and our clients' specific needs.

# Sourcing

We understand that achieving the perfect balance of price and quality relies on an effective sourcing strategy. With our facility in Istanbul, we have unparalleled access to trendy fabrics and trims, enabling us to meet the latest market demands efficiently

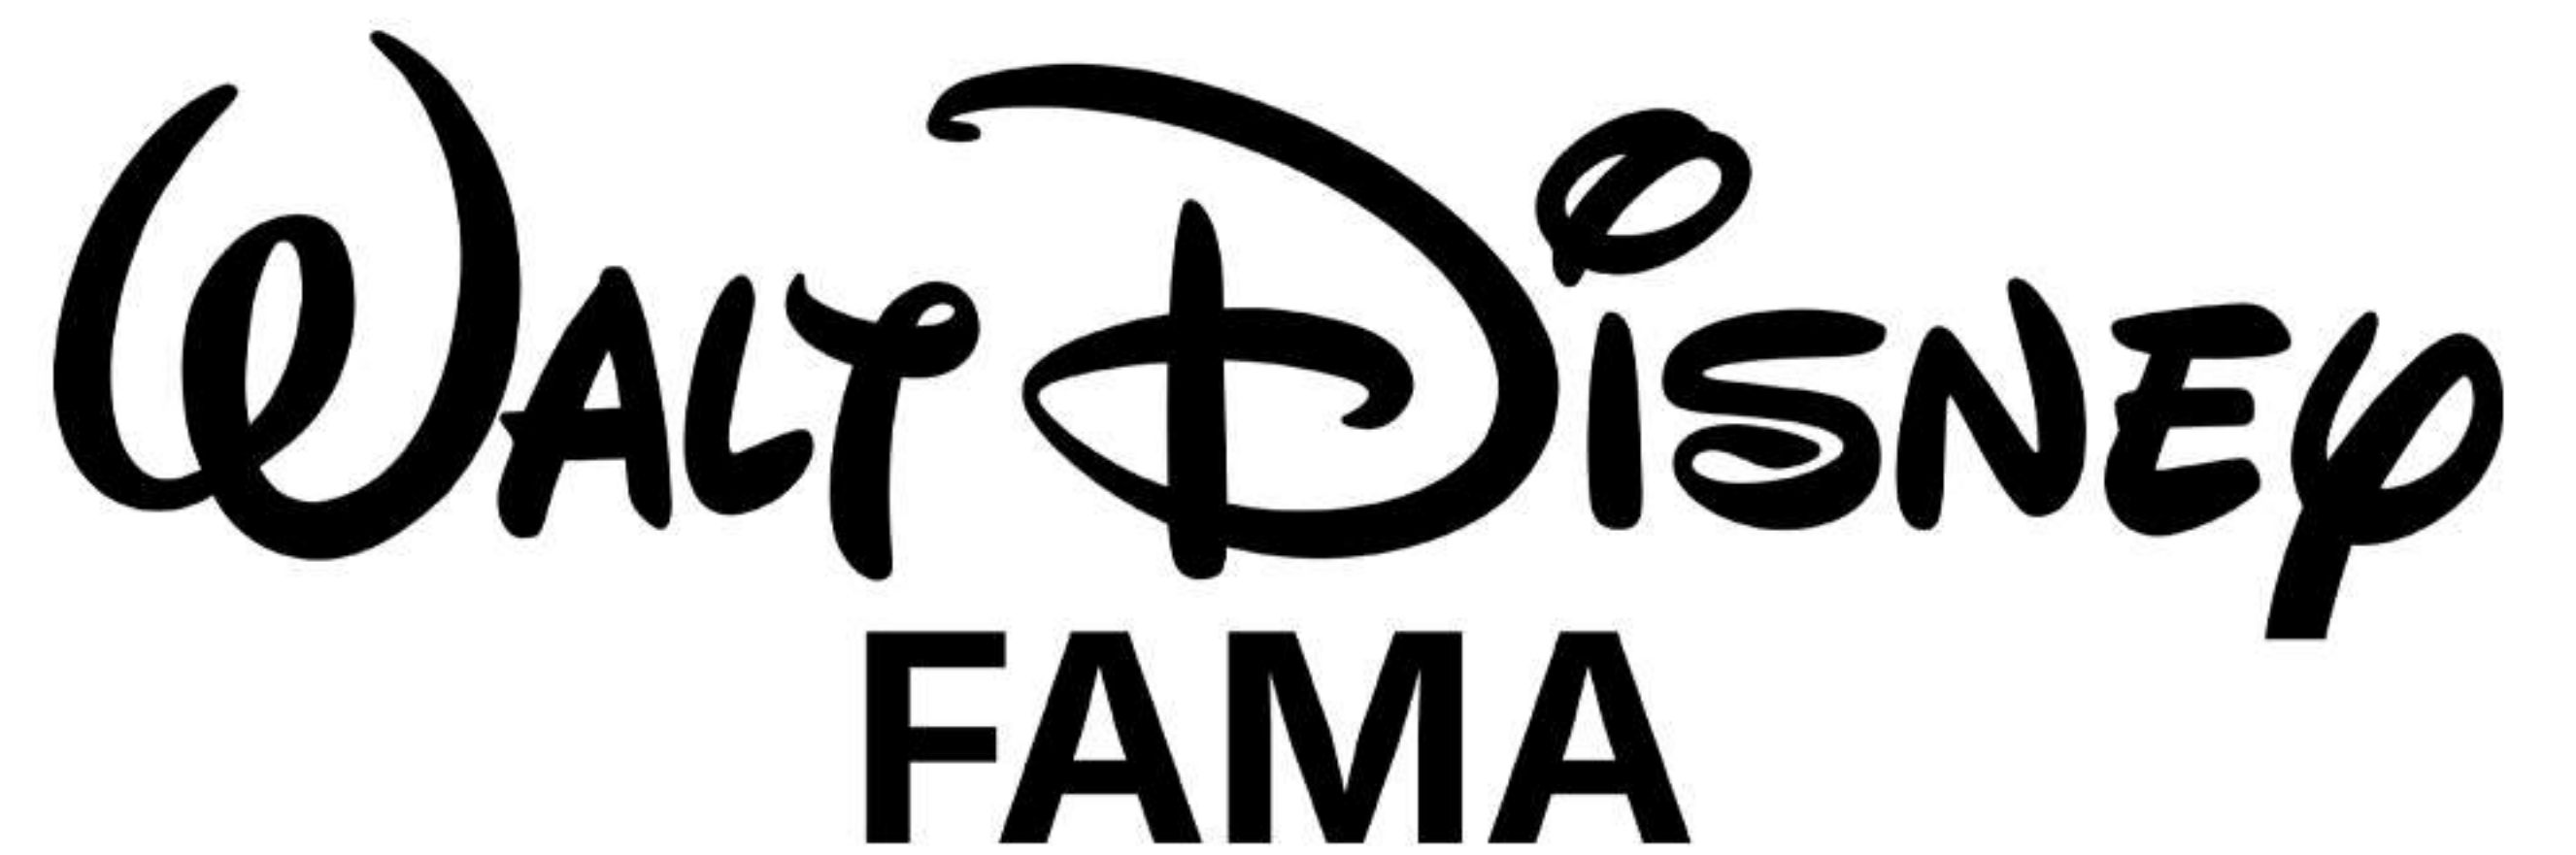

# Sampling

Sampling is a cornerstone of our process, enabling the timely development of patterns and approval samples. Whether it involves advanced washing techniques or innovative styling processes, we ensure precision and quality at every step.

# Certificates

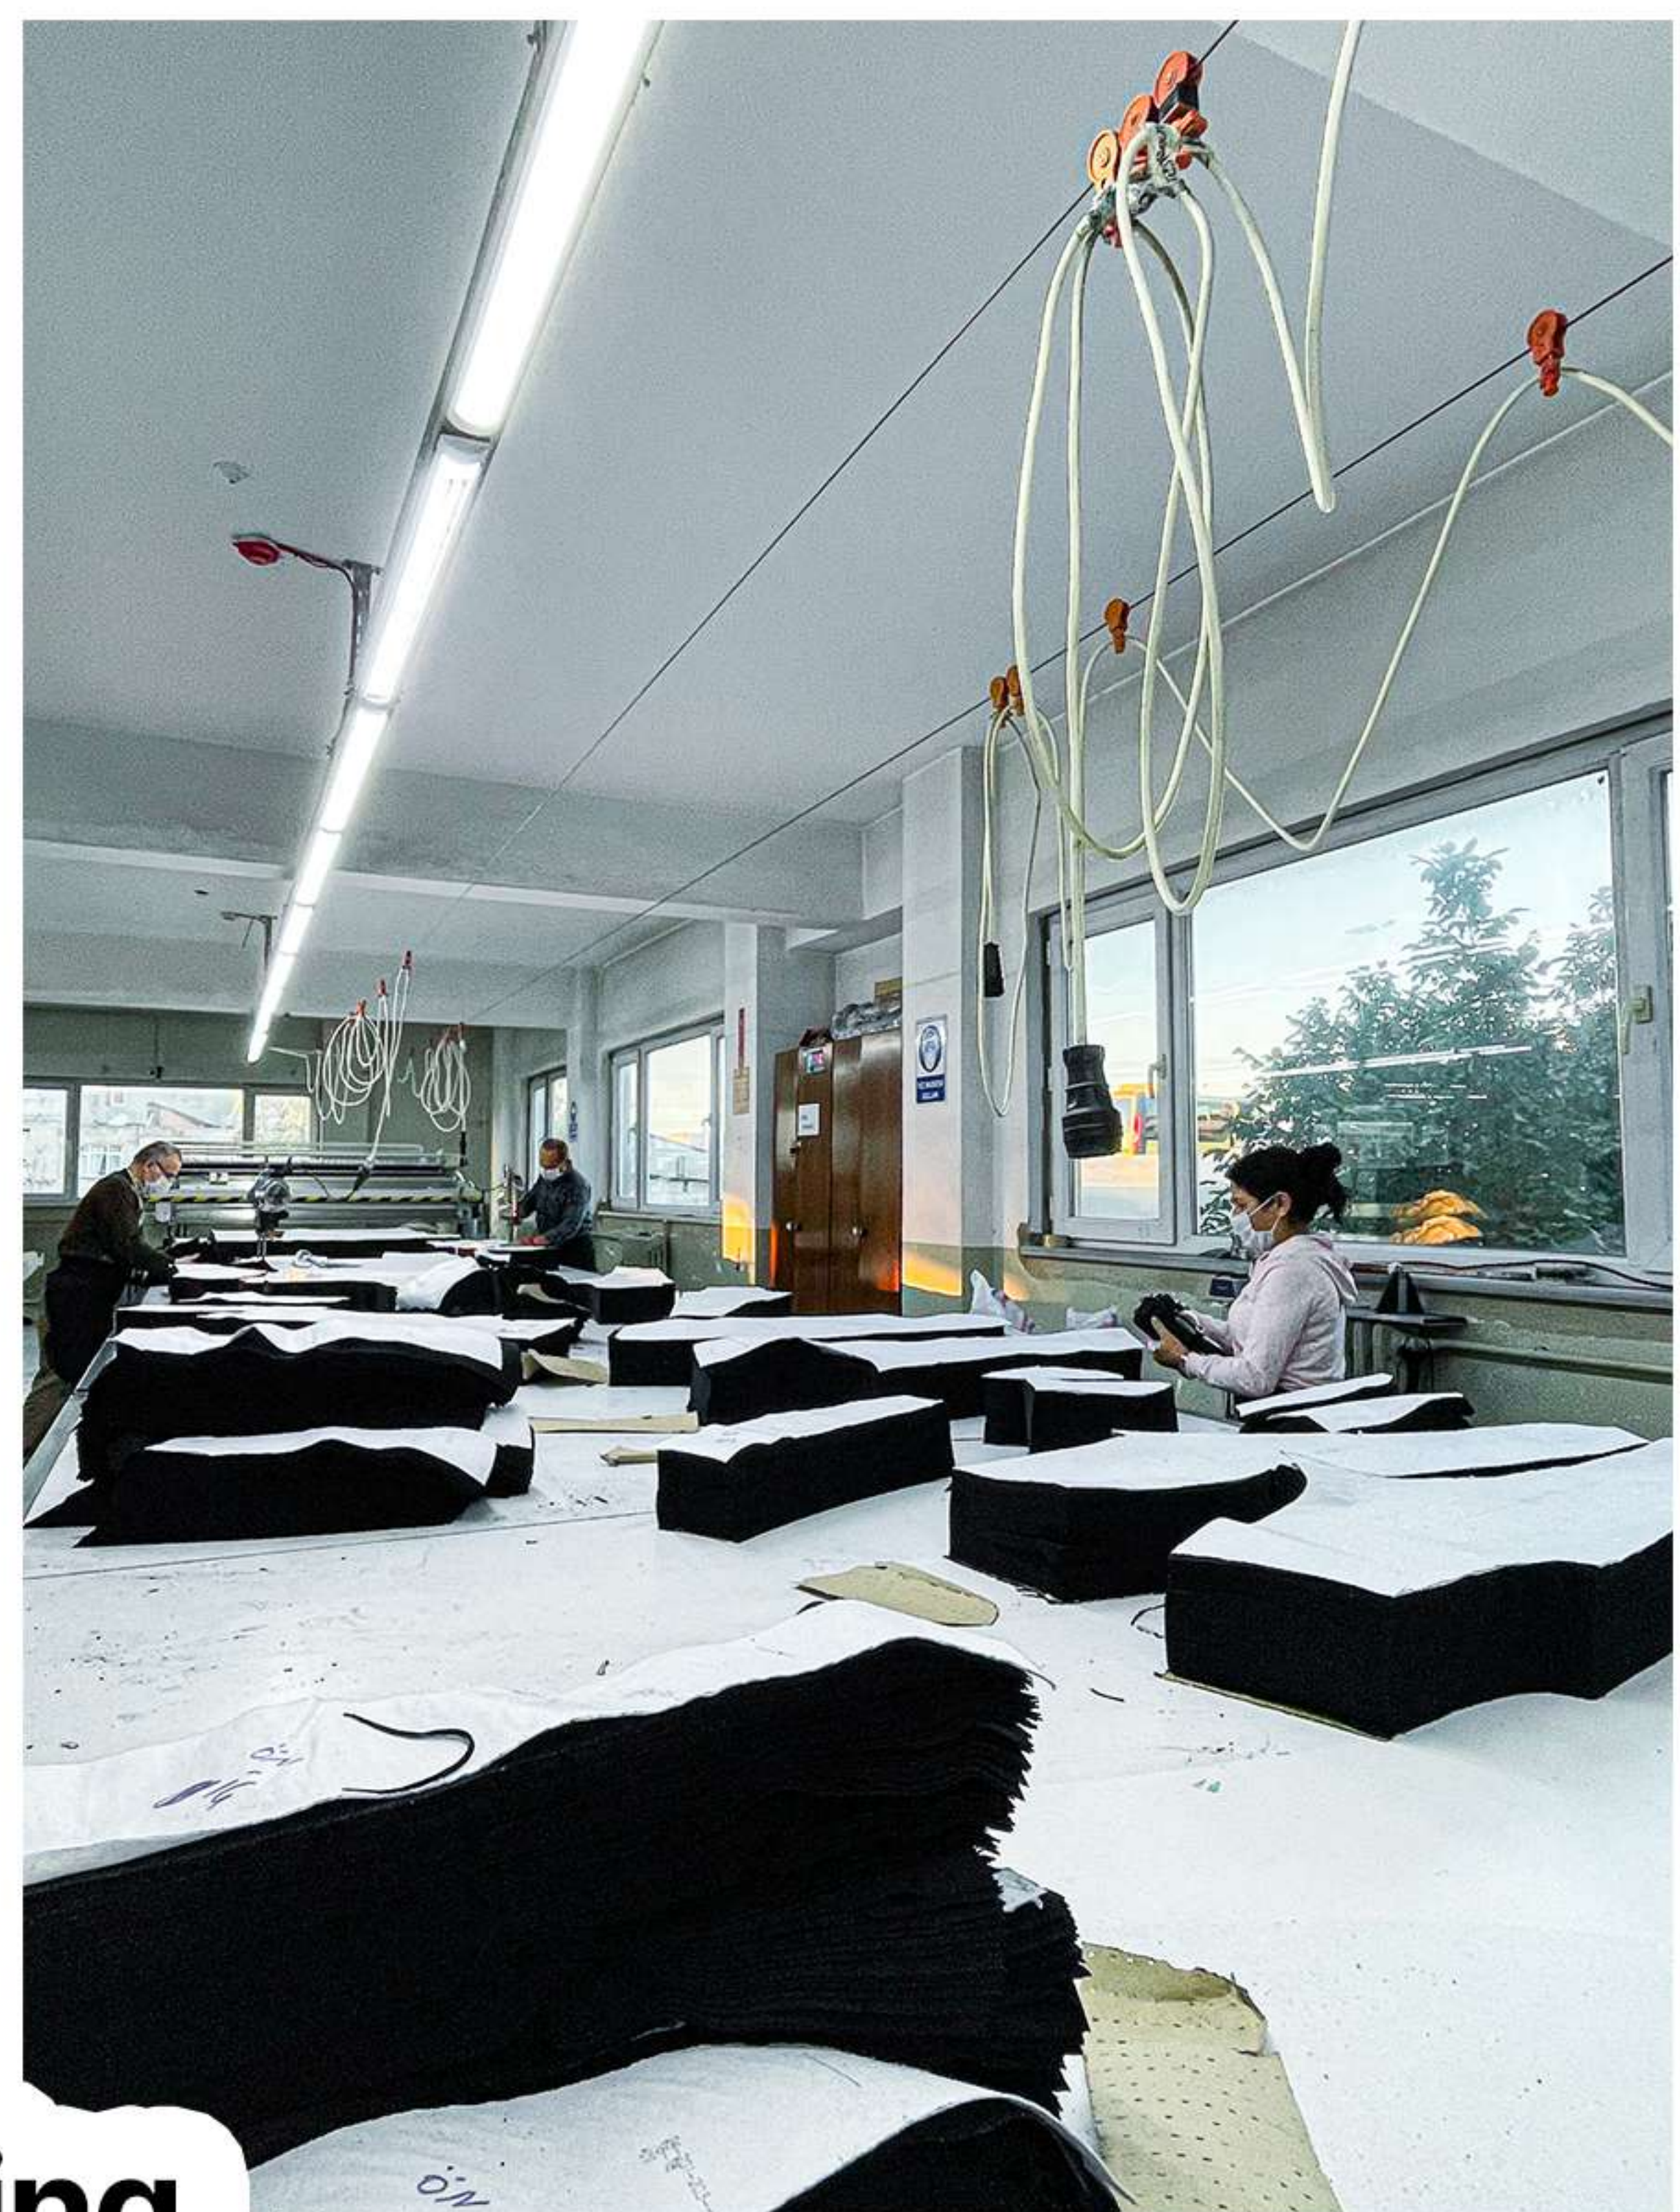

Our two factories are certified with RCS, OCS, OEKO-TEX®, BCI, BSCI, Sedex and Walt Disney FAMA standards, enabling us to manufacture certified products tailored to our clients' requirements upon request while adhering to the highest levels of quality and ethics.

# Main Facility

Our main facility houses key departments, including the cutting section, style department, packaging unit, quality control, logistics and dispatch, and administrative offices, serving as the central hub for all our operations.

# Trakya Factory

Our Trakya facility houses cutting, sewing, and packaging departments, playing a vital role in our production processes. With over 100 employees, it contributes significantly to the regional economy.

With a monthly production capacity of 300.00 units, our Trakya facility ensures timely delivery and scalability for large orders.

Its flexible operations enable us to handle diverse product lines, from basic garments to complex designs.

70% of Our Workforce Consists of Women, Including Skilled Technicians and Line Leaders.

We prioritize employee training and development, providing opportunities for our workforce to enhance their skills and grow professionally.
